YOUTH AT RISK FOUNDATION®

B1.1 STUDENT PROFILE

The program is designed for students who are between the ages 15 – 19, and in grades 10 -12, who have difficulty with self-discipline, self-management and the academic responsibilities required to be successful in a mainstream secondary school. They are underachieving because of home, personal, social or medical problems that cause significant disruptions in their learning. In most cases, the students meet the Ministry of Education criteria for designation in the “R” or “H” category. (Students requiring Behavior Intervention or students with Mental Health concerns).

Referrals are made throughout the year and added to a waiting list. Intake interviews are conducted at the end of the school year and the beginning of September. A second intake is done at the end of Semester 1 if there is availability.
